

SUMMARY OF COVER

Cover can only be given to fully operational central heating systems that comply with safety standards.

Your contract covers call out, parts & labour and VAT.

Your contract will commence once your application has been fully processed. You will be notified in writing of your start date. Claims cannot be made within the first 30 days from the start date.

Our Care Plan Options are subject to a survey of your central heating system. This survey is carried out free of charge and will incorporate a full service of your boiler.

We guarantee to have an engineer on site within 24 hours of receiving your call for 363 days of the year (exempt days are Christmas Day and Boxing Day).

Care Plan Cover is only offered on a rolling contract payable by monthly direct debit. A single one off annual payment in advance is also acceptable but will incur an additional administration charge of £10.00 per annum.

If your boiler is less than 5 years old (from date of manufacture), we will replace it like for like if we are unable to repair it. Proof of date of purchase will be required.

If your boiler is more than 5 years old and we cannot repair it because it is obsolete, spare parts cannot be obtained or it is deemed uneconomical to repair (whereby parts and labour are greater value than the cost of a replacement), we will not be accountable to replace the boiler free of charge within terms of this contract.

Prices cover one domestic boiler per property and for properties with a maximum of 4 bedrooms; prices for larger properties and multiple boiler installations are available on request.

We operate a fair-usage policy and unnecessary excessive call-outs may incur a higher premium in subsequent years.

Landlords Safety Certificates are not included in our Service Contracts but are available separately

Full terms and conditions apply.
